

BREEDING TERMS / STUD FEE INFORMATION

Edlyn Maidstone Labradors

Erin McRobb and Diane McClurg

Email: erinlynn999@aol.com

Website: www.maidstoneedlynlabs.com

1. We offer two options for Stud Fees, to approved bitches: All Stud Fees are set at \$2,000.00
2. Option 1: We offer a \$500.00 (non-refundable) Service Fee. The service fee a deposit toward the full stud fee and covers collections and handling fees. The balance of \$1,500.00 is due within 15 days upon the birth of 2 live puppies. If no puppies or one puppy results from breeding a repeat is not offered and the service fee is non-refundable.

Option 2: Upfront Stud Fee of \$2,000.00. The Stud fee guarantees 2 live puppies. If two or fewer live puppies result from the initial breeding then a repeat breeding is offered to Mike. The repeat breeding can be used on any female you own or co-own with the adequate clearances. You will have 2 years to use the repeat breeding.
3. "Live" constitutes living for 3 days.
4. Please mail a shipping container and extender of choice to Erin McRobb to the address provided. If you need a box provided, you will be charged \$65.00 for those supplies.
5. Once all fees are paid to the stud dog owner, the litter registration will then be signed electronically or on paper for AKC registration. All fees related to breeding will be the bitch owner's responsibility (vet collections, smears, progesterone testing, transport boxes and extender, all shipping charges etc).
6. All SHIPPING CHARGES MUST BE PREPAID. You can use your own Fed Ex account number or send a check at the time of the service fee.
7. In order to maximize your breeding potential, we strongly suggest you use progesterone testing for your bitch. You, the bitch owner, will be responsible if no progesterone testing occurs and no litter results.
8. All clearances will be provided to the stud owner prior to semen being sent to the bitch owner.
